Sales and Marketing Manager

White Cross Hotel Kft.

Recommendation letter

Daniel Harka worked as a Sales and Marketing Associate for the White Cross Hotel Kft. since January 2018 for over two years.

His responsibilities included dealing with existing and new Norwegian and English speaking patients, keeping contact on the phone, in writing and in some cases personal assisting too. As a part of Daniel's work he received, answered and registered telephone and email requests, cancellations and changes in the administration software used by the company, and he took part in organizing the transfer of our foreign patients to our clinic too. Proven his success, the new Norwegian and English speaking patients chose us thanks to his kind and convincing personality, and became returning patients.

Throughout the two years he spent with us, I got to know Daniel as a persistent, helpful and success-oriented person. Based on my experiences in working with him, I recommend Daniel. His humility to work and the way he treats others will not bring forth disappointment.
